Dear [redacted]

STAT

I would like to bring to your attention the commendable efforts of [redacted] of your Office of Security, in assisting the Investigative Standards Working Group, serving recently as its Acting Chairman, and, more importantly, extending extra efforts to assist with the latest, week-long Adjudicators' Conference run by that Group. [redacted] has been closely associated with all of the four courses run to date, but was particularly helpful during the recent running and shouldered much of the burden since members of my staff were in transition.

STAT

[redacted] displays initiative and resourcefulness, and his professionalism and ability are a credit to the National Security Agency and its Office of Security. Please ensure that [redacted] is advised of my sincere appreciation and thanks, as well as that of the Security Committee, for his efforts.
